EDUCATION

Fox School of Business and Management, Temple University	Philadelphia, Pennsylvania
Ph.D. Business Administration	08/ 2026
Dissertation: “Essays on Identity, Disclosure, and Engagement in the Creator Economy”	
Committee: Sunil Wattal, Jaehwuen Jung, Konstantin Bauman	
School of Business, University of Connecticut	Hartford, Connecticut
M.S. Business Analytics and Project Management	12/ 2020
School of Economics and Management, Changchun University of Science and Technology	Changchun, Jilin
B.S. Management in Marketing	08/ 2012

ACADEMIC POSITIONS

Assistant Professor	07/2026 - present
San Jose State University, School of Information Systems and Technology	

RESEARCH INTERESTS & METHODS

Topics: Artificial Intelligence and Human-AI Interaction; AI Disclosure and Governance; Digital Platforms and Creator Economy; Technology-Enabled Consumer Behavior

Methodologies: Field Experiments; Quasi-Experiments and Causal Inference; Laboratory and Online Experiments; Econometrics; Machine Learning

RESEARCH

Working Papers

1. Meixian Wang, Jaehwuen Jung, Ravi Bapna. “The Impact of Realism and AI Disclosure on Virtual Influencer Effectiveness: A Large Field Experiment.” Third-round review at *Information Systems Research*. **Job Market Paper**. Conference presentations: PlatStrat2024, CIST 2024, INFORMS 2025
2. Meixian Wang, Keran Zhao, Jason Bennett Thatcher. “The Impact of Superstar Exits on Live Streaming E-Commerce Platforms.” Third-round review at *Journal of the Association for Information Systems*. Conference presentations: WITS 2022 (Best paper nomination)
3. Meixian Wang, Keran Zhao, Sunil Wattal. “When Prosocial Opportunities Collide: Tipping vs. Charity on Digital Platforms.” Preparing for submission to *MIS Quarterly*. Conference presentations: WISE 2024, CIST 2025
4. Meixian Wang, Xincheng Ma, Jaehwuen Jung. “Whose Face, Whose Words: Field Experiments on AI Disclosure Labels for Synthetic Presenters.” Preparing for submission to *Information Systems Research*. Conference presentations: CIST 2026
5. Meixian Wang, Jaehwuen Jung, Stefano Puntoni, Thomas McKinlay. “Personalization–Privacy Tradeoffs and AI Identity Disclosure: Evidence from a Large-Scale Field Experiment with Hyper-Realistic AI Agents.” Field experiment and data analysis in progress. Conference presentations: DSI 2026
6. Meixian Wang, Keran Zhao, Jason Bennett Thatcher. “AI versus Human? Investigating the Heterogeneous effect of Online Shopping Live Streamers.” Data analysis and draft. Conference presentations: AMCIS 2022, INFORMS 2024, WITS 2024

HONORS AND AWARDS

- Doctoral Consortium Fellow, CIST (2024, 2025) and Academy of Management CTO Division (2024)
- 2025 Research Enhancement for Competitive and Accelerated Publishing (RECAP) Award, \$2000
- 2025 Exceptional presentation at the 2025 Graduate Symposium for Research and Creative Works, \$100
- 2024 1st Research Advancement and Impact Seed funding (RAIS) Symposium Award, \$2000
- 2021-2023 Young Scholars Interdisciplinary Funding, \$10, 900
- 2022 Best Paper Award Nomination of Workshop on Information Technologies and Systems (WITS)
- 2019 Technology Incubation Program Scholarship, \$5000

TEACHING

Teaching Interests

- **Artificial Intelligence in Business:** Generative AI, large language models (LLMs), AI applications in organizations, and AI agent system design
- **Business Analytics and Programming:** Python for business analytics, data analysis, data visualization, data mining, and machine learning
- **Database Management:** SQL, relational databases, and data management

Teaching Experience

- Instructor, 110A: Foundation of Management Information Systems (Undergraduate level; MIS Core class)
- Instructor, MIS2502: Data and Analytics (Undergraduate level; MIS Core class)
 - Evaluation: 4.4 out of 5 (Fall 2024), Enrollment: 54
 - Self-built Course Website:
<https://community.mis.temple.edu/mis2502sec003fall2024/>
- Teaching Assistant, MIS2502: Data and Analytics (Undergraduate Course)
 - Spring 2024, Fall 2023 at Temple University
- Teaching Assistant, OPIM5510: Web Analytics (Graduate Course)
 - Fall 2020 at University of Connecticut

CONFERENCE PRESENTATIONS

1. Meixian Wang, Jaehwuen Jung, Stefano Puntoni, Thomas McKinlay. "Personalization–Privacy Tradeoffs and AI Identity Disclosure: Evidence from a Large-Scale Field Experiment with Hyper-Realistic AI Agents." DSI 2026
2. Meixian Wang, Xincheng Ma, Jaehwuen Jung. "Whose Face, Whose Words: Field Experiments on AI Disclosure Labels for Synthetic Presenters." CIST 2026
3. Meixian Wang, Keran Zhao, Sunil Wattal "When Prosocial Opportunities Collide: Tipping vs. Charity on Digital Platforms." WISE 2024, CIST 2025
4. Meixian Wang, Jaehwuen Jung, Ravi Bapna "The Impact of Realism and AI Disclosure on Virtual Influencer Effectiveness: A Large Field Experiment." PlatStrat2024, CIST 2024, AI @ Wharton 2025, INFORMS 2025
5. Meixian Wang, Keran Zhao, Jason Bennett Thatcher "AI versus Human? Investigating the Heterogeneous effect of Online Shopping Live Streamers." AMCIS 2022, INFORMS 2024, WITS 2024
6. Meixian Wang, Keran Zhao, Jason Bennett Thatcher "The Absence of 'Pushing Hands': Examining the Effect of Superstar Streamer's Exit in Live Streaming E-commerce." WITS 2022 (Best Paper Nomination)
7. David Schuff, Susan Mudambi, Meixian Wang "Understanding the Review Bombing Phenomenon in Movies and Television." HICCS 2024

INDUSTRY-ENGAGED RESEARCH AND ANALYTICS PROJECTS

Customer Churn Analysis for Travelers

01/ 2020 – 05/ 2020

- Processed data with Python Pandas and compared performance of various models including random forest, logistic regression, LDA, KNN, etc., and provided suggestions for reducing customer churn.

- Supervisor: Jennifer Eigo, Instructor, UConn Business School

Oscillo Biosciences, LLC

05/ 2019 – 12/ 2019

- Processed competitor analysis, designed and collected customer survey data. Processed data and built statistical models and predicted desired features for the future flagship product.
- Performed web data tracking, collection and analysis, and designed A/B test to improve web ads to achieve the marketing target.
- Supervisor: Prof. Edward Large, UConn

SELECTED INDUSTRY EXPERIENCE

Adidas Sports (China) Co., Ltd, Beijing, China (Retail Operations Manager)

12/ 2017 – 01/ 2019

- Managed operations across 30 retail stores representing approximately \$80 million in annual sales and achieved an annual growth exceeding 15 %.
- Developed and analyzed retail performance indicators for sales tracking and forecasting.
- Analyzed customer, sales, product, and promotion data to support purchasing and operational decisions.

Uniqlo Co., Ltd, Beijing, China (Senior Store Manager)

04/ 2012 – 03/ 2017

- Led a team of 60 personnel to achieve annual sales of \$10 million with profit of \$1.5 million, assured a year-on-year percentage (YOY) of 100% while the YOY of competitors in the same location dropped by 20%.
- Collected and analyzed our customers' demographics, behaviors, and purchase data to identify the common attributes among them to plan marketing activities and provide customized services.
- Designed a 3-month employee training program for rapid mastering of over 100 essential skills.

PROFESSIONAL SERVICES

Reviewer for Journals

Information Systems Research (ISR), Management Information Systems Quarterly (MISQ), Journal of the Association for Information Systems (JAIS), Information & Management (IM), Electronic Commerce Research (ECR)

Reviewer for Conferences

Conference on Information Systems (ICIS), Conference on Information Systems and Technology (CIST), Workshop on Information Systems and Economics (WISE), Workshop on Information Technologies and Systems (WITS), Hawaii International Conference on System Sciences (HICSS), European Conference on Information Systems (ECIS), Pacific Asia Conference on Information Systems (PACIS)

Membership

Association for Information Systems (AIS), Information Systems Society (ISS), Institute for Operations Research and the Management Sciences (INFORMS), Academy of Management (AOM), Decision Sciences Institute (DSI)

TECHNICAL SKILLS

Skills: Web Scraping, Causal Analysis, Text Mining, Natural Language Processing, Visualization
 Software: Stata, SPSS, SPSS Amos, Tableau, SQL, Google BigQuery, Navicat
 Programming: Python, R
